

mr.Astar®

Acrylic Based Ground

Product code: 70.10.001

About product

mr.Astar® is a ground for concrete and plaster surfaces based Acrylic Polymer Dispersion.

Usage fields

- ✓ increase of sticking durability of materials based cement decreasing the absorption of the surfaces as gesso, concrete, cube, plaster, alum, wood
- ✓ increase the productivity before the applications such as ceramic covering, refinement alum, isolation, paint.

Advantages

- ✓ Decreases the absorption ability of the surface and increases adherence
- ✓ Penetrates deeply
- ✓ High performance
- ✓ Conducts steam

Technical specifications

Content of the material	Acrylic Polymer Dispersion
Colour	White
Density	1,007
Temperature of the applied surface	+5°C + 25°C
Usage temperature	+5°C + 30°C

Above mentioned numbers are given for + 23°C and 50% humidity. High temperature shortens the period and low temperature increases the period.

Application instructions

Preparation of the surface;
The surfaces such as concrete and plaster must be completed durability and cleaned. If the surface is very dirty it must be cleaned. All remainder parts must be scoured and cleaned, and

strong and clean surface must be available.

Application

mr. Astar® is ready to use, shake slowly before use. Mr. Astar must not be added water in any case

Consumption

Approximately 150-200 g/m² are applied on the surface.

Cleaning of the tools

Tools and equipments used after application must be cleaned with water.

Storage conditions

Store in an unopened original packing, cool and dry place without freezing

Storage term

Best before is one year from manufacture date under correct storage conditions

Safety measures

During the application, uniform, protective glove, glasses and mask suitable for the working and health conditions must be used. For negative effects of raw material, do not touch the contents to the skin and eyes, otherwise you must wash the same region with water and soap well and if you swallow it apply to the doctor immediately. Do not allow the foodstuffs to the areas where the material is applied. Keep out of reach of children. For detailed information please refer to the Safety Information Form.

Responsibility

Mr. Fix is only responsible for the quality of the product and our company is not responsible for the usage out of written offers regarding where

and how the product shall be used or dangerous usages. We ask you to demand product manual and contact with responsible persons regarding the necessary support.
